Neil deGrasse Tyson

November 13 • 7:30 p.m. • Pikes Peak Center

Tyson identified a cadre of professional stand-up comedians to assist his effort in bringing science to commercial radio with the NSF-funded pilot program StarTalk. (Now also a popular Podcast, for three years it enjoyed a limited-run Television Series on the National Geographic Channel.) StarTalk combines celebrity guests with informative yet playful banter. The target audience is anyone who never thought they would, or could, like science. In its first year on television and in three successive seasons, it was nominated for a Best Informational Programming Emmy.

Recharge 4 Resiliency (R4R)

R4R is the capstone for resiliency programming for morale, welfare and recreation activities. R4R encompasses three key resiliency target audiences: RecOn, Single Airman Programming Initiative (SAPI) and Deployed Affected Programming (DAP). Please verify eligibility for each program through the agency listed.

RecOn

RecOn events offer outdoor centric, high-adrenaline, stress reduction programs. Trips are open to service members preparing to deploy or recently returned from deployment as a tool to reintegrate back into their regular life. RecOn events are offered through Outdoor Recreation. Please see the Outdoor Recreation section for trips being offered.

Single Airman Programming Initiative (SAPI)

SAPI events are open to all single officers or enlisted members assigned to Schriever SFB. SAPI events are hosted by the Fitness Center. Please see the Fitness Center section for trips being offered.

Deployed Affected Programming (DAP)

DAP provides resources targeting deployed affected and dependent-restricted installations for service members and their families providing relief from the challenges of deployments and family separations. DAP events are hosted by the Military & Family Readiness Center (M&FRC). Please see the M&FRC section for events being offered.

Services

Laser Engraving

We have an Epilog Fusion Laser Engraver on site that uses a 50 watt CO2 laser or a 30 watt fiber optic laser with a 20" x 32" engraving table that can engrave on a wide variety of materials and surfaces.

Full Color Sublimation

Sublimation uses a clay-based, heat sensitive toner to produce a transfer that is heat set to a polymer (plastic) coated surface making the image permanent. This allows for full color printing on a multitude of items.

Custom Picture Framing

All work is performed right here on Schriever SFB! Save an average of 10% compared to local prices.

Awards

Quarterly/Annual Awards

Don't forget--we are your one-stop-shop for all your unit awards needs. You can choose from a vast selection of awards and customize them with engraved logos and personal inscriptions.
