Laser Engraving

We use an Epilog Fusion Laser Engraver. It uses a 50 watt CO2 laser or 30 watt fiber optic laser with a 20" x 32" engraving table.

- Recognition Awards
 - Your one stop shop for quarterly and annual awards!
- Personalized Gifts
 - Special Occasions and Events
- Boxed Game Sets
- Pen & Pencil Sets
- Statuary
- Clocks
- Coasters
- Coin Holders
- Flasks
- Plaques

Full Color Sublimation

Sublimation uses a special clay-based heat sensitive toner to produce a transfer image. The transfer is set with heat and pressure on an item that has a polymer (plastic) coating. Once heat is set, the transfer becomes a permanent part of the item. Images are smooth and cannot be rubbed off. This allows for full color printing on a wide variety of items.

- Coffee Mugs
- Baby Bibs
- Kitchen Items
- Plaques
- ...and more!

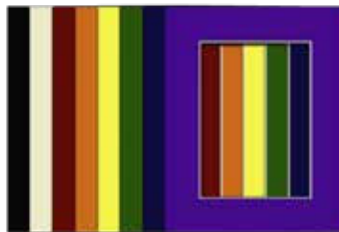

Custom Picture Framing

All work is performed right here on Schriever! Save an average of 10% below "downtown" prices.

We use a Wizard computerized mat cutter. It has the ability to perfectly cut various size and shape openings into a mat.

Framing cost varies depending on the many factors--size, type of framing, type of glass, number of mats, number of openings cut into a mat and number of items to be put into the frame. We will provide you with an estimate of cost before starting work on your project.
